Hello,

We are a support group for Native Americans and working together with different groups

(e.g. Lubicon Cree, Mohawk, Interior Alliance).

We founded us in 1986 because of the Big Mountain issue.

This year we met Artuhr Manual in Geneva and he informed us about the situation in Burnt Church.

We are publishing a newspaper in Germany called "Coyote", in which we report about the situation in USA and Canada. Please keep us informed about Your situation, and let us know if you need support.

In Solidarity

Ludwig Seiller
