

The Fair - Getting the Word Out On a way to Celebrate Earth Day!

*by Christa McMillan
November 1998*

The NBEN Education Action Group is hosting their 2nd Annual Environmental Education Exchange Fair on Saturday, April 24, 1999, 10:00 am to 3:00 PM at the Bessborough Elementary School, which is, located at 93 Bessborough Ave, Moncton, N.B. The deadline for registration, for this event, is March 29, 1999.

The aim of this years fair is to bring member groups together, in an earth school atmosphere, with educators and individuals to network and learn more about environmental concerns and issues.

We are looking for participants who; have developed or collected information, including environmental curriculum materials, are environmental educators, teachers, youth leaders, camp counselors, community action groups, environmental groups, nature interpreters and/or naturalists. All are welcome to attend, weather you are from a member group, or, from the public who has an interest in environmental education, or who may have collected materials and want to share them, or may be looking for information.

Members are encouraged to spread the word and help make this upcoming fair the biggest and best educational fair ever! This is an excellent forum for groups, or individuals, to get their message out to people, and at the same time network with like minded environmentalists. Hope to see you there!

For further information please contact the NBEN at 433-6101.
