

Dear Friend,

I am a member of the Friends of Mactaquac Provincial Park. This is a volunteer group that supports our local provincial park. As you know, our provincial park system needs as much support and encouragement as possible to preserve and maintain ownership of the parks system. If you would like to spend ½ hour reviewing the Parks Act, your opinions will be considered in the modernization of the current Act (last major update in 1961).

Some of my key points are:

1. Enhanced amenities such as interpretive educational services delivered by the park staff or "Friends of ____ Park" non-profit groups.
2. Increase awareness and promotion of provincial parks through social media etc.
3. Protect and showcase these New Brunswick natural wonders.

I'd love to hear some of your key points as well and will gladly submit them at our upcoming Friends of Mactaquac Meeting.

Best,

Marieka Chaplin
