## Letters of support:

### Red Head Anthony's Cove Preservation Association

To Whom It May Concern,

This is a letter to support Elsibogtoq in their filing of Aboriginal Land title.

The Red Head Anthony's Cove Preservation Association fully supports Elsibogtoq First Nation in their request to protect their inherent rights to protect land, air and water. We also fully support them in their position of the Energy East pipeline. It is their inherent right to have Aboriginal right to land.

All the best,

Red Head Anthony's Cove Preservation Association

### ÉcoVie

We the members of EcoVie North West of Restigouche County fully endorse and support the efforts of Kopit Lodge, Elsipogtog to reclaim that which was never given away. We acknowledge that indigenous people are better equipped to manage our wildlife, forest and natural resources than corporations and both New Brunswick governments. We ask that their land claims be addressed with the out most respect befitting such a noble and spiritual culture. We fully accept the suffering and frustration of a people who have been continuously marginalized and left to live with poverty, fear and addiction. The members of EcoVie aspire to attain their knowledge and wisdom through consultation and education, and hope to continue to work in partnership with the Wabanaki nation.

We wish you an eventful and positive day on November 9th and please know that our thoughts are with you at all times.
